ABOUT COMPANY

S. K. Engineering Founders is Mr. Lalbhai. We are Manufacturing Fabrication Service, EOT Crane, Industrial Shed, Pre Engineered Building Structure, Jib Crane, Lifting Crane, Crane Service, Hydraulic Goods Lift all Over India. Our range is subjected to stringent quality tests at each stage to make sure that no loophole would take place in our quality Control process.

The specialized tests conducted on the procured products to upkeep the promise of quality compliance. We manufacture our products according to the International Quality standard. By strictly following our quality standards, we are successfully satisfying our clients that are spread all across the globe. We manufacture these products in complete compliance with the set quality norms.

VISION & MISSION

Vision

From the commencement of the company, we have always stuck to our principle is “-The Quality We Trust-”. Our Vision is to provide the utmost quality products at the most competitive price with an aim to create a healthy nation and the healthy world, healthy relationship with the client satisfying their needs.

Mission

We want to deliver value to the customer, be profitable and establish leadership in core markets. The Group strives diversification and expansion of the product portfolio. We want to command top of mind recall with the consumer by ensuring effective brand promotion strategies also focus on increasing the Group’s Global Footprint by venturing into new markets and at the same time, forgive fruitful alliances with entities operating within the same plane.

WHO WE ARE ?

Introduction:

Founded in 2022, S.K.INDUSTRIES has emerged as a distinguished force in the realm of industrial manufacturing and material handling solutions. With a formidable legacy of over two decades, our company has earned a reputable stature as a Government Railway Recognized manufacturer. Our diverse product line boasts an extensive array of top-tier offerings, including single and double girder EOT Cranes, Crane Hoists, Goliath Cranes, Wire Rope Hoists, and Goods Lifts

Diverse Product Range:

Single and Double Girder EOT Cranes: Our EOT cranes are the embodiment of cutting-edge engineering and technological innovation. Renowned for their robust lifting capabilities, these cranes cater to industries ranging from manufacturing to construction. Our offerings are characterized by customizable capacities and spans, ensuring tailored solutions to meet varied industrial demands

Crane Hoists: Gajjar Industries' crane hoists epitomize precision, power, and durability. Crafted for heavy-duty lifting applications, they feature advanced controls and comprehensive safety mechanisms, ensuring both operational efficiency and operator security. These hoists are pivotal to seamless and secure material handling across sectors

Goliath Cranes: When the need for outdoor lifting arises, our Goliath Cranes emerge as the ideal solution. These robust gantry cranes are engineered to excel in open environments, showcasing their resilience and power even under adverse conditions. Their performance redefines outdoor material handling with reliability and unmatched strength

Wire Rope Hoists: Our wire rope hoists are the cornerstone of vertical transportation innovation. Built using superior materials and state-of-the-art components, they guarantee exceptional reliability and endurance. These hoists are designed to overcome complex vertical challenges with ease and precision.

Goods Lifts: Simplifying vertical logistics, our Goods Lifts amalgamate efficiency and ergonomic design. Engineered for seamless loading and unloading processes, they streamline operations within manufacturing facilities and warehouses, significantly enhancing overall productivity

WHO WE ARE?

- **Global Acclaim and Presence**

Our material handling solutions have transcended boundaries, gaining acclamation across industries worldwide. From manufacturing giants to construction conglomerates and logistics leaders, we have forged enduring partnerships based on trust and unmatched performance

- **Our Commitment:**

Quality and innovation are the cornerstones of our identity. Each product bears the hallmark of rigorous quality control, from sourcing premium materials to meticulous final inspections. Our team of accomplished engineers incessantly pursues innovation, ensuring our offerings remain ahead of the curve.

- **Our Vision:**

Our vision is to revolutionize material handling solutions, setting new benchmarks for quality, innovation, and customer satisfaction. We aim to be the go-to source for industries seeking reliable and avant-garde equipment that enhances productivity and safety.

- **Clientele:**

S.K.ENGINEERING proudly serves a diverse clientele spanning industries like manufacturing, construction, logistics, and more. Our dedication to delivering unparalleled material handling solutions has forged enduring partnerships with clients worldwide

- **Global Reach:**

While headquartered in [Ahmedabad Gujarat India], our presence extends globally through a network of authorized distributors and partners. This expansive reach empowers us to cater to clients around the world, addressing their unique material handling needs with tailor-made solutions

- **Innovation:**

Our team of experienced engineers and technicians continuously strive to incorporate innovative features into our products, ensuring that our offerings remain at the forefront of industry standards.

ISO CERTIFIED COMPANY

EOT CRANE

SINGLE GIRDER EOT CRANE

Single Girder EOT Crane offers robust and reliable overhead cranes designed for various industrial applications. Our cranes provide superior lifting solutions, ensuring safety, efficiency, and durability. With a focus on innovative engineering and quality craftsmanship, Single Girder EOT Cranes are tailored to meet your specific needs, delivering unparalleled performance and value in material handling operations.

DOUBLE GIRDER EOT CRANE

Double Girder EOT Crane delivers powerful and efficient lifting solutions for heavy-duty industrial applications. Engineered for maximum strength and reliability, our cranes offer superior load handling capabilities, enhanced safety features, and exceptional durability. Designed to meet your specific requirements, Single Double Girder EOT Cranes ensure optimal performance and productivity in your material handling operations.

DOUBLE BEAM EOT CRANE

Double Beam EOT Crane offers advanced lifting solutions for heavy-duty industrial applications. Engineered for strength and precision, our cranes provide superior load capacity, enhanced safety features, and exceptional durability. Tailored to meet your specific needs, Singla Double Beam EOT Cranes ensure optimal performance, efficiency, and reliability in material handling operations.

UNDERSLUNG EOT CRANE

Underslung EOT Crane provides versatile and efficient lifting solutions for various industrial environments with space constraints. Designed to be mounted on the underside of beams, our cranes offer superior maneuverability, safety features, and robust construction. Tailored to meet specific operational needs, Singla Underslung EOT Cranes ensure reliable performance and maximize productivity in material handling operations.

GOLIATH EOT CRANE

Goliath EOT Crane delivers robust and versatile lifting solutions for outdoor and heavy-duty industrial applications. Designed for maximum load handling and stability, our cranes feature superior strength, advanced safety systems, and durable construction. Engineered to meet specific requirements, Singla Goliath EOT Cranes ensure optimal performance, efficiency, and reliability in your material handling operations.

JIB CRANE

Jib Crane offers efficient and flexible lifting solutions for various industrial applications. Featuring a robust design and precise maneuverability, our cranes provide superior load handling, enhanced safety, and easy installation. Tailored to meet your specific needs, Singla Jib Cranes ensure optimal performance, reliability, and productivity in your material handling operations.

CIRCULAR CRANE

Circular Crane provides innovative and efficient lifting solutions for applications requiring 360-degree rotation. Designed for flexibility and precision, our cranes offer superior load handling, advanced safety features, and robust construction. Tailored to meet your specific requirements, Singla Circular Cranes ensure optimal performance, reliability, and versatility in your material handling operations.

INDUSTRIAL EOT CRANE

Industrial EOT Crane offers powerful and reliable lifting solutions for diverse industrial applications. Engineered for strength and efficiency, our cranes provide superior load handling, advanced safety features, and exceptional durability. Tailored to meet specific operational needs, Singla Industrial EOT Cranes ensure optimal performance, reliability, and productivity in your material handling operations.

TON OVERHEAD TRAVELING CRANE

Ton Overhead Traveling Crane delivers robust and efficient lifting solutions for various industrial applications. Designed for superior load handling and precision, our cranes feature advanced safety systems, exceptional durability, and reliable performance. Tailored to meet specific operational requirements, Singla Ton Overhead Traveling Cranes ensure optimal productivity and efficiency in your material handling operations.

DOUBLE GIRDER BRIDGE CRANE

Double Girder Bridge Crane provides robust and efficient lifting solutions for heavy-duty industrial applications. Engineered for superior strength and reliability, our cranes feature advanced safety systems, precise control, and exceptional durability. Tailored to meet specific operational requirements, Singla Double Girder Bridge Cranes ensure optimal performance, efficiency, and productivity in material handling operations.

HOIST

ELECTRIC WIRE ROPE HOIST

Electric Wire Rope Hoist provides reliable and efficient lifting solutions for a variety of industrial applications. Engineered for precision and durability, our hoists feature superior load handling capabilities, advanced safety features, and smooth operation. Designed to meet your specific needs, Singla Electric Wire Rope Hoists ensure optimal performance, reliability, and productivity in material handling operations.

ELECTRIC CHAIN HOIST

Electric Chain Hoist offers versatile and efficient lifting solutions for industrial applications. Engineered for durability and precision, our hoists feature superior load handling capabilities, advanced safety features, and quiet operation. Designed to meet specific operational needs, Singla Electric Chain Hoists ensure reliable performance, ease of maintenance, and enhanced productivity in material handling operations.

SKETM
S.K. ENGINEERING
ISO CERTIFIED COMPANY

GANTRY CRANES

PORTABLE GANTRY CRANE

Portable Gantry Crane offers flexible and portable lifting solutions for various industrial and workshop applications. Designed for ease of assembly and mobility, our cranes provide reliable load handling capabilities, advanced safety features, and sturdy construction. Tailored to meet specific operational needs, Singla Portable Gantry Cranes ensure efficient performance, versatility, and productivity in material handling operations.

ELECTRIC GANTRY CRANES

Electric Gantry Cranes provide versatile and efficient lifting solutions for industrial applications. Engineered for reliability and precision, our cranes feature superior load handling capabilities, advanced safety features, and durable construction. Designed for ease of operation and maintenance, Singla Electric Gantry Cranes ensure optimal performance, flexibility, and productivity in material handling operations.

GOODS LIFT

INDUSTRIAL LIFT

Portable Gantry Crane offers flexible and portable lifting solutions for various industrial and workshop applications. Designed for ease of assembly and mobility, our cranes provide reliable load handling capabilities, advanced safety features, and sturdy construction. Tailored to meet specific operational needs, Singla Portable Gantry Cranes ensure efficient performance, versatility, and productivity in material handling operations.

MATERIAL LIFTING CRANES

Electric Gantry Cranes provide versatile and efficient lifting solutions for industrial applications. Engineered for reliability and precision, our cranes feature superior load handling capabilities, advanced safety features, and durable construction. Designed for ease of operation and maintenance, Singla Electric Gantry Cranes ensure optimal performance, flexibility, and productivity in material handling operations.

PEB STRUCTURE

Steel PEB Industrial Structure

Welcome to Steel PEB Industrial Structures, your premier source for top-quality Pre-Engineered Buildings (PEB) tailored to meet diverse industrial needs. Our steel PEB solutions offer unmatched durability, flexibility, and cost-effectiveness for a wide range of applications, from warehouses and factories to commercial spaces and storage facilities.

Modular Pre Engineered Building Structure

Welcome to Modular Pre-Engineered Building Structures, your trusted provider of high-quality, modular PEB solutions for industrial and commercial applications. Our modular PEB structures are designed for maximum flexibility, rapid installation, and superior durability, offering an ideal solution for warehouses, factories, retail spaces, and more.

INDUSTRIAL WE SERVE

- STEEL PLANTS
- PHARMACUTICALS
- PAPER INDUSTRIES
- PETROCHEMICAL IND
- REFINERIES
- FERTILIZER INDUSTRIES
- POWER PLANT
- FOOD PROCESS IND
- SUGAR INDUSTRIES
- HEAVY INDUSTRIES

QUALITY CONTROL

- The System used in our factory has following sections
- control of drawing & changes
- Procurment Control
- Final inspection
- Painting & Packing
- Clearance / Dispatches
- Calibration

Certificate of Compliance

THIS IS TO CERTIFY THAT

S.K.ENGINEERING

Survey No. 69/002 Geratnagar, Hathijan, Ahmedabad-382449 Gujarat.

has been independently assessed by QBM
and is compliant with the requirement of

ISO 9001:2015
(Quality Management System)
